Tacoma, WA 98402

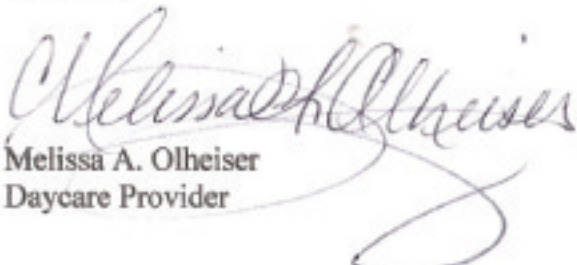

Customer Service,

I am writing in regards to the wonderful service you provide for children and families. I recently started an in-home daycare. I wanted to protect the children in my care while we were on bike rides or when they were riding their scooters. Also, I wanted to require every child in my care to have a helmet kept at my house at all times. I wasn't sure how to make this requirement become a reality. So, I contacted my local childcare resource and referral office and they so graciously told me about your program. Because of your great service, my want for every child to have a helmet was achieved. The affordable pricing for the helmets was the key for all of my families to provide a helmet for each of their children. Many of the families in my care have more than one child, so through your program they were able to affordably protect their child.

I wanted to personally "Thank you" for the great service you provide. It is nice to know that we have allies in safety for our children. I will use your service again, and refer all providers I know about the wonderful service you provide.

Thanks again!

Sincerely,

Melissa A. Olheiser
Daycare Provider
